Presented to one of Arnie's Own
By SAAC

SAAC surprised a close friend of Arnie Kronenberger at the Annual Golf Tournament on May 11th with some long overdue recognition. Robert Collins, a Past President of SAAC, a supporter of our tournament in good times and bad, and a true mentor in his own right was awarded "The Coach's Award."

Robert always called Arnie "Coach." All SAAC members that had the pleasure of knowing Arnie felt the same way. He always shared his experiences in our industry and was ready with some sage advice for suppliers, distributors, and the indispensable Multi Line Reps of our industry.

Robert has been in the business for over 40 years and not only represents his lines, but shows all of us the best ways to show the benefits of their various products. He knows his stuff and has taken on the reputation of being a Coach himself. Thanks Robert. You are a true believer in the benefits of SAAC and we are lucky to have you as an always ready source for that special idea that will make a client happy with their next promotional need. Thanks again for all the good you do and your creative and generous help to our profession.
